

Vocera Virtual Classroom Training

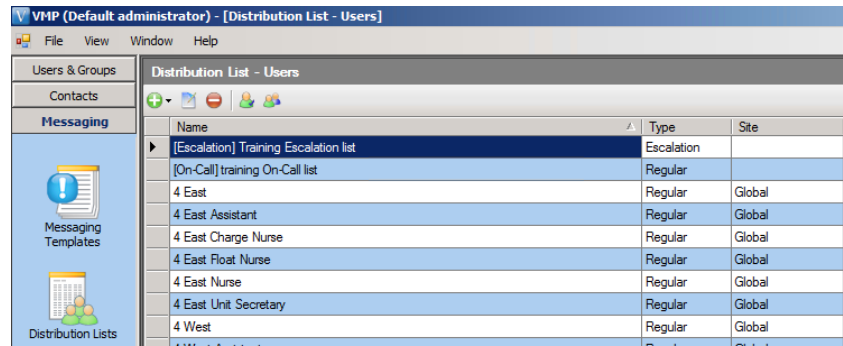

Location:

Online

Date and Time:

February 26, 2021

8:30am to 12:30pm Pacific Time

There will be opportunities for short breaks throughout each class session.

Access requirements:

It's very important to confirm before class that your IT dept. allows access to and use of the website:
<https://vocerauniversity.adobeconnect.com>.

This site is used for virtual training and allows remote access to training servers. You will be provided with the URL to attend before class date.

To ensure that you can take remote control of one of the training servers, you MUST install the Adobe Connect app, available at <https://helpx.adobe.com/adobe-connect/connect-downloads-updates.html>.

Download links for Windows and Mac are available from that location. If attending with a partner, please ensure that all attendees have downloaded and installed the applications, as you'll be working independently.

Optimizing your virtual learning experience:

We ask that you do your best to stay focused in the course to obtain the best transfer of knowledge. Here's some recommendations:

- If another person in your organization can fill in other duties during these times, please make those arrangements ahead of time.
- We recommend you attend in a quiet and private setting to reduce interruptions.
- During the course, we request that all non-essential applications are turned off on your computer.
- We encourage questions throughout the course to confirm understanding.
