Vocera will notify End User within five Business Days of Vocera’s receipt of a Purchase Order or requested change in a Purchase Order of: (a) Vocera’s acceptance or rejection thereof; and (b) the date estimated by Vocera for shipment of the Products ordered. Any Purchase Order not affirmatively accepted or rejected by Vocera as set forth above will be deemed rejected.

Vocera will package and ship the Hardware Products, EX WORKS Vocera’s point-of-origin (in accordance with Incoterms 2000). Vocera shall endeavor to obtain commercially reasonable rates from its shipping vendors for shipments hereunder. Title to the Hardware (except title to Software incorporated therein), and risk of loss or damage will pass to End User upon delivery of the Hardware Products by Vocera to a common carrier. Vocera reserves the right to make partial shipments by line item to End User and invoice End User for such partial shipments. If the shipment of a Hardware Product is delayed by more than 10 Business Days from the anticipated shipment date provided by Vocera, End User may cancel the order

on two Business Days' notice to Vocera. To the extent permitted by law, the foregoing remedy for late shipment is sole and exclusive.

3.2 Acceptance. Within 15 days following shipment of any Hardware Product by Vocera, End User may notify Vocera that the Hardware Product is "dead on arrival" or fails to conform to the Product Documentation on first use ("Out-of-Box Failure"). Vocera will have 10 days to respond or issue an RMA number in accordance with the RMA Policy. Vocera will ship a new replacement Hardware Product upon receipt of the affected Product, which is to be returned to Vocera, freight collect. To the extent permitted by law, the foregoing is End User's sole and exclusive remedy for an Out-of-Box Failure. If no Out-of-Box Failure of a Hardware Product is reported as above, to the extent permitted by law such Hardware Product shall be deemed irrevocably accepted at the end of the stated period, any subsequent problems shall be addressed through Vocera's Hardware Warranty program.

4. Prices and Payment.

4.1 Prices and Taxes. The Prices do not include shipping charges, insurance, or sales, use, excise, withholding or other taxes, tariffs and duties. Consequently, End User shall pay, or reimburse Vocera for, the gross amount of all shipping charges and any present or future sales, use, excise, import or export, value-added, withholding or other taxes, tariffs and duties applicable to the sale or furnishing of any Products. In lieu of a specific tax, End User may provide Vocera with a tax exemption certificate acceptable to the applicable taxing authority.

4.2 License Type and Fees for Software Products. Vocera Software may be licensed either for a Subscription Term or a Perpetual Term, as further specified on the Quote. Vocera will issue the initial invoice for the Prices for the Products on the date of issuance of the applicable License Key. Vocera will issue such License Key to the End User email address designated on the Quote or such other email address provided to Vocera in writing. End User agrees issuance of such License Key to such End User email address shall constitute delivery of the Software which shall be deemed accepted upon such delivery.

(a) For Subscription Term Software. If End User's Quote specifies a Subscription Term or otherwise identifies a Billing Period of fixed period of time, then such Software shall be considered licensed for a fixed Subscription Term. At the conclusion of each new or renewal Subscription Term, the Subscription Term will automatically be extended for three (3) months unless, prior to the end of such term, either (i) Vocera issues a Quote for an extended Subscription Term and End User issues and Vocera accepts a corresponding Purchase Order or (ii) either party provides written notice of non-renewal to the other. Where the Subscription Term is extended, but no new Quote applies, the pricing set forth in the original quote will continue to apply. Any initial, renewal or modified Subscription Term will take effect upon issuance by End User and acceptance by Vocera of a corresponding Purchase Order.

(b) For Perpetual Term Software. Unless End User's Quote specifies a Subscription Term (as described in Section 4.2(a) above), End User's license shall be for a Perpetual Term.

(c) For Pilot Software Licenses. From time to time, Vocera may also issue a pilot license for certain Software on a trial basis, in which case the term shall be limited to the term specified by Vocera in writing.

4.3 Payment. Payment shall be due net thirty (30) days from the date of invoice, which shall be on or subsequent to the (i) date of shipment of Hardware Products, (ii) the date of issuance of the applicable License Key for Software Products and Software Maintenance and Technical Support, (iii) the anniversary date for renewal Subscription Terms, or (iv) for Vocera Care Transition Software, the date applicable to each Billing Period set forth in the Quote, if any. End User agrees to pay interest on overdue amounts at an interest rate of twelve percent (12%) per year, compounded monthly or, if less, such rate as is allowed by law. Each delivery and partial shipment of Products will be considered a separate and independent transaction for which End User is required to make payment. End User shall not make deductions in anticipation of credit allowances. Vocera reserves the right to periodically request financial statements and reference information from End User for the purpose of establishing and maintaining open credit account terms. Vocera reserves the right to change payment terms (including without limitation requiring End User to secure payment through an irrevocable letter of credit) if at any time, in Vocera's sole discretion, End User's financial condition or payment record so warrants.

5. Termination.

5.1 Termination by Vocera for Cause. Vocera may, at its option, terminate this Agreement and corresponding Software licenses, disable the Software, and accelerate the amounts due to Vocera if: (a) End User fails to pay Vocera any monies due and payable to Vocera within fifteen (15) days after written notice of non-payment from Vocera; (b) End User fails to cure any material breach of its obligations under this Agreement within thirty (30) days after Vocera provides written

notice setting forth the alleged default; or (c) End User breaches any term of any other agreement between End User and Vocera and does not cure the breach within applicable cure periods, if any.

5.2 Termination by End User for Cause. If End User claims that Vocera has materially defaulted in the performance of the duties and obligations of Vocera as expressly set forth herein, End User shall provide written notice specifically setting forth the alleged default(s) and Vocera shall have thirty (30) days within which to cure such default. End User's sole and exclusive remedy, for any breach of this Agreement by Vocera, shall be to terminate this Agreement, including any current Software licenses.

5.3 Termination for Convenience. Either party may terminate this Agreement for convenience at any time upon thirty (30) days' prior written notice to the other party so long as no Subscription Term remains in effect at the time of termination.

5.4 Effect of Termination. Upon termination of this Agreement for any reason (a) End User shall immediately discontinue all use of the corresponding Software Products, (b) the provisions of this Agreement pertaining to the confidentiality, non-use and nondisclosure of Confidential Information (as defined below) in Section 7 and Sections 8, 9 and 10 shall survive, and (c) within ten (10) days of termination, End User shall return to Vocera all copies of the corresponding Software (including updates and enhancements) and Product Documentation or other related materials.

6. Product Changes. Vocera shall have the right, in its absolute discretion, without liability to End User, to update to provide new functionality or otherwise change the design of any Product or to discontinue the manufacture or sale of any Product. Vocera shall notify End User at least 90 days prior to the delivery of any Product which incorporates a change that adversely affects form, fit or function ("Material Change"). Vocera shall also notify End User at least 90 days prior to the discontinuance of manufacture of any Product. Notification will be made as soon as reasonably practical for changes associated with regulatory or health and safety issues.

7. Confidential Information.

7.1 Definition. "Confidential Information" of one party (the "Disclosing Party") means any and all technical, financial, and business information of the Disclosing Party or of a third party to whom the Disclosing Party has an obligation of confidentiality, whether disclosed to the other party (the "Receiving Party") before or after the Effective Date and whether disclosed in writing, orally, or by electronic delivery, including without limitation any information relating to the Disclosing Party's or such third party's techniques, algorithms, know-how, current, future and proposed products and services, suppliers, research, engineering, designs, financial information, procurement requirements, purchasing, manufacturing, customer and End User lists, business forecasts, sales and merchandising, and marketing plans. Notwithstanding the foregoing, Confidential Information includes only that information that: (i) if delivered in writing or electronically, is designated conspicuously as "Confidential" or the like; and (ii) if delivered otherwise, is identified as confidential at the time of first disclosure and is summarized in a writing sent by the Disclosing Party to the Receiving Party within 30 Business Days of any such disclosure.

7.2 Obligations. The Receiving Party will maintain in confidence all Confidential Information of the Disclosing Party and will not use such Confidential Information except as expressly permitted herein. The Receiving Party will take all reasonable measures to maintain the confidentiality of such Confidential Information, but not less than the measures it uses for its confidential information of similar importance. The Receiving Party will limit the disclosure of Confidential Information of the Disclosing Party to those of its employees and contractors with a bona fide need to access such Confidential Information for the Receiving Party's exercise of its rights and obligations under the End User Agreement; provided that all such employees and contractors are subject to binding use and disclosure restrictions at least as protective as those set forth herein. The Receiving Party hereby guarantees the performance of the provisions hereof by each person obtaining Confidential Information directly or indirectly from such Receiving Party. The Receiving Party will promptly give notice to the Disclosing Party of any unauthorized use or disclosure of the Disclosing Party's Confidential Information of which the Receiving Party becomes aware and will assist the Disclosing Party in remedying such unauthorized use or disclosure. The Receiving Party will not reverse engineer, disassemble, or decompile any Products, samples, prototypes, or other tangible objects provided by the Disclosing Party hereunder except with the express written authorization of the Disclosing Party or to the extent such activity is expressly permitted by law. The obligations set forth in this paragraph shall survive for a period of three years after the longer of expiration or termination of the End User Agreement, if applicable, or the Quote Expiration Date.

7.3 Exclusions. The foregoing obligations on use and disclosure will not apply to any specific Confidential Information that (i) is or becomes generally known to the public through no act or omission of the Receiving Party; (ii) the Receiving Party can demonstrate by written evidence was rightfully in the Receiving Party's possession at the time of

disclosure, without an obligation of confidentiality; (iii) the Receiving Party can demonstrate by written evidence was independently developed by the Receiving Party without use of or access to the Disclosing Party's Confidential Information; or (iv) the Receiving Party rightfully obtains from a third party not under a duty of confidentiality and without restriction on use or disclosure. Notwithstanding the obligations on use and disclosure set forth above, the Receiving Party may disclose the Disclosing Party's Confidential Information to the extent required by law, regulation, or court order, provided, however, that the Receiving Party notifies the Disclosing Party promptly after becoming aware of its obligation to make such disclosure and permits the other party to seek a protective order or otherwise to challenge or limit such required disclosure.

7.4 Protected Health Information. This Section applies only to End Users regulated under state and federal laws regarding individually identifiable health information ("Protected Health Information" or "PHI"). Vocera acknowledges that such End Users may be subject to various local, state and federal laws regarding the confidentiality and security of PHI. If in the course of performing its obligations under this Agreement, Vocera obtains or has access to PHI, Vocera agrees that any PHI received by it shall be held strictly confidential, and shall not be used by Vocera or disclosed by Vocera except as specifically provided in a separate writing or as permitted by law applying to Vocera and as otherwise agreed with End User in writing. The Vocera Products are communication tools only and not a substitute for professional healthcare. Vocera is not a provider of healthcare services. End User and its employees and agents remain solely responsible for timely, accurate and complete communications related to healthcare and are solely responsible for the timeliness and quality of healthcare and services provided by End User and its agents.

7.5 Return of Information. Upon the expiration or termination of the End User Agreement, if applicable, or the Quote Expiration Date, the Receiving Party shall, upon request from the Disclosing Party: (i) return to the Disclosing Party all documents, samples, tapes, magnetic disks, CDs, and other tangible items containing or representing the Disclosing Party's Confidential Information and all copies thereof (other than Products and Product Documentation already paid for by End User) in whatever form; (ii) erase or destroy all of Disclosing Party's Confidential Information contained in computer memory or data storage apparatus; and (iii) certify to the Disclosing Party in writing signed by a duly-authorized officer of the Receiving Party that the Receiving Party has complied with the terms of this Section.

8. Defense of Certain Claims.

8.1 Defense. Vocera will, at its own expense, defend End User from or settle any third party claim, suit or proceeding brought against End User to the extent it is based upon a claim that any Product used as contemplated by the Product Documentation: (i) infringes in the applicable Territory defined in this Agreement upon any patent, trademark or any copyright or (ii) misappropriates any trade secrets of any third party alleged to be valid in the Territory ("IP Right"). Vocera will indemnify and hold End User harmless from all amounts (i) awarded by a court of competent jurisdiction in such matter (including damages, costs and fees) but only to the extent attributable to an allegation that End User's use of the Product, authorized hereunder, infringes an IP Right or (ii) agreed in a settlement to which Vocera has assented in writing. The foregoing is contingent on End User providing Vocera prompt written notice of any such claim or action and giving Vocera full information and assistance in connection with defending and/or settling such claim, at Vocera's sole expense. Vocera shall have the sole right to control the defense of any such claim or action and the sole right to settle or compromise any such claim or action. If a Product is, or in Vocera's opinion might be, held to infringe or misappropriate as set forth above, Vocera may, in addition to its aforementioned obligations and at its sole option and expense, replace or modify such Product so as to avoid infringement or misappropriation, or procure the right for End User to continue the use of such Product. If neither of such alternatives is, in Vocera's opinion, commercially reasonable, at Vocera's request, such Product shall be returned to Vocera and Vocera's sole and exclusive liability, in addition to its obligation to reimburse awarded damages, costs and expenses as set forth above, shall be to refund the amounts paid for such Product by End User, amortized over a useful life of five (5) years. If the "Territory" is not otherwise defined in an agreement between the parties, "Territory" shall mean Australia.

8.2 Limitations. The foregoing obligations of Vocera will not apply to any claim arising out of: (i) the alteration of a Product by End User or a third party, (ii) the combination of a Product with goods or services not provided by Vocera where such infringement arises from the combination and where the Product could have been used, in the manner contemplated by its applicable Product Documentation, in a manner not giving rise to such infringement, or (iii) the failure to use the latest version of any software contained in any Product, in each case to the extent that infringement or misappropriation otherwise would have been avoided.

8.3 ENTIRE LIABILITY. TO THE FULL EXTENT PERMITTED BY LAW AND SUBJECT TO ANY APPLICABLE STATUTORY PROTECTIONS, VOCERA'S PERFORMANCE OF ITS OBLIGATIONS UNDER THIS PROVISION SHALL BE A SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO INTELLECTUAL

PROPERTY RIGHTS, THE ALLEGED INFRINGEMENT OR MISAPPROPRIATION THEREOF AND ANY IMPLIED OR STATUTORY TERMS, CONDITIONS, REPRESENTATIONS, AND WARRANTIES OF NON-INFRINGEMENT.

9. Damages Exclusions and Limitations.

WITHOUT PREJUDICE TO ANY OF THE FOREGOING, AND NOTWITHSTANDING ANY FAILURE OF ESSENTIAL PURPOSE OF ANY LIMITED REMEDY, TO THE EXTENT PERMITTED BY LAW VOCERA'S LICENSORS (AS DEFINED IN THE APPLICABLE EULA) DISCLAIM ALL LIABILITY TO END USER FOR DAMAGES OF ANY KIND AND VOCERA WILL NOT BE LIABLE FOR:

- (A) LOST PROFITS, LOST REVENUE, LOST INTEREST, LOST GOODWILL, LOSS OR CORRUPTION OF DATA OR FOR ANY LOSS OF OR INTERRUPTION TO BUSINESS;**
- (B) COSTS OF PROCUREMENT OF SUBSTITUTE PRODUCTS OR SERVICES;**
- (C) SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL OR EXEMPLARY DAMAGES ARISING OUT OF OR RELATING TO TRANSACTIONS UNDER THIS AGREEMENT (I) HOWEVER CAUSED OR ALLEGED TO BE CAUSED, (II) EVEN IF VOCERA HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, (III) WHETHER GROUNDED IN WARRANTY, NEGLIGENCE, TORT, STRICT LIABILITY, BREACH OF CONTRACT, CIVIL LIABILITY, STATUTE OR OTHER CAUSE OF ACTION OR CLAIM UNDER OR IN CONNECTION HERewith OR THE SUBJECT MATTER HEREOF, AND (IV) REGARDLESS OF WHETHER MADE IN THE FORM OF AN ALLEGATION, DEMAND, SUIT, ACTION OR OTHER PROCEEDING OF ANY KIND (COLLECTIVELY, "CLAIM"); OR**
- (D) ANY AMOUNT EXCEEDING THE "LIABILITY LIMIT" (AS DEFINED BELOW).**

THE "LIABILITY LIMIT" IS ONE HUNDRED FIFTY PERCENT 150% OF THE AMOUNT ACTUALLY PAID BY END USER FOR THE SPECIFIC PRODUCT UNITS, SOFTWARE, OR SERVICES SUBJECT TO THE CLAIM WITHIN THE TWELVE (12) MONTHS PRIOR TO THE DATE OF THE CLAIM FOR (I) SOFTWARE WHERE THE CLAIM PRIMARILY RELATES TO SOFTWARE, INCLUDING BUT NOT LIMITED TO SOFTWARE LICENSED TO VOCERA BY THIRD PARTIES, OR TO VOCERA'S EULA; (II) HARDWARE PRODUCTS WHERE THE CLAIM RELATES PRIMARILY TO HARDWARE PRODUCTS OR TO THE HARDWARE WARRANTY OR RMA POLICY; (III) SUPPORT SERVICES WHERE THE CLAIM PRIMARILY RELATES TO VOCERA'S SOFTWARE MAINTENANCE AND TECHNICAL SUPPORT; (IV) SERVICES OTHER THAN SUPPORT SERVICES WHERE THE CLAIM PRIMARILY RELATES TO SUCH SERVICES, AND/OR AN ENGAGEMENT LETTER PURSUANT THERETO; AND, WHERE CLAUSES (I) THROUGH (IV) ARE NOT APPLICABLE, (V) PRODUCTS AND/OR SERVICES AS APPLICABLE.

IF ANY PART OF THIS SECTION 9 IS FOUND TO BE UNENFORCEABLE BY ANY COURT OR COMPETENT AUTHORITY OR WOULD BE FOUND TO BE UNENFORCEABLE IF IT WERE INTERPRETED OR CONSTRUED IN A PARTICULAR WAY, THEN, THE RELEVANT WORDING SHOULD BE INTERPRETED OR CONSTRUED SO AS TO AVOID SUCH A FINDING AND THAT, IN THE EVENT OF SUCH A FINDING, THE REMAINDER OF THE PROVISION IN QUESTION SHALL BE INTERPRETED OR CONSTRUED TO GIVE IT FULL EFFECT.

The Agreement is personal to the parties, and neither party may assign or otherwise transfer any of its rights or obligations hereunder, whether voluntarily or otherwise, without the prior written consent of the other; provided, however, that either party may assign in connection with an acquisition of all or substantially all of the assets or equity of such party by a third party. Accordingly, each party agrees that, notwithstanding anything in the Agreement to the contrary, a party may seek to enforce its rights with respect to the protection of such party's Confidential Information or Intellectual Property Rights hereunder, or the licensing of software, through equitable relief in a court of competent jurisdiction, including but not limited to an immediate injunction, and each party hereby waives any argument that the other has an adequate remedy at law.

1. Standard Warranty.

a. Standard Warranty. Vocera warrants that the wireless communication badges, telephones and battery chargers sold by Vocera (“Devices”) conform substantially to the specific applicable materials listed under “Documentation” at vocera.com/about-us/legal/documentation and are free from defects in materials and workmanship for one year from shipment to the original end user who purchases the Devices (“End User”). Vocera further warrants that clips, lanyards, batteries and other such accessories sold by Vocera for use with the Devices (“Accessories” and, together with Devices, “Hardware”) are free from defects in materials and workmanship for 3 months from shipment to the End User. This Limited Warranty applies only to the End User. The End User must provide written notice to Vocera that any Hardware is not as warranted no later than 10 business days following expiration of the applicable warranty period, or the right to assert such claim will be deemed waived. As the sole and exclusive remedy, at its option and to the extent permitted by law, Vocera will at no charge either: (1) repair or replace the Hardware with functionally equivalent new, previously opened, or refurbished parts and replacements or (2) refund the net price paid to Vocera for the original Hardware. The repaired or replacement Hardware is warranted for the remaining warranty term of the original Hardware. The obligations hereunder are conditioned upon the End User obtaining a Return Materials Authorization (RMA) and returning the defective Hardware in accordance with Section 4 (Return Materials Authorization) below. c. Standard Warranty Exclusions. a. Option to Add Customer Care Warranty. In addition to the Standard Warranty provided above, Vocera offers an optional Customer Care Warranty coverage solely for B3000 and B3000n badges (“B3 Badges”) which are accidentally damaged in normal use (“Accidental Damage”). The Customer Care Warranty option may only be purchased at the time of purchase of a B3 Badge for the same duration as the Standard Warranty for such badge (e.g. End User may only purchase a two year Customer Care Warranty extension if End User has purchased a two year Standard Warranty Extension).

b. B3 Customer Care Warranty Coverage. Under the B3 Customer Care Warranty, Vocera shall either repair or replace each B3 Badge that has Accidental Damage where, as a result of such Accidental Damage, the B3 Badge no longer conforms substantially to the applicable Documentation. If Vocera determines replacement of the badge is necessary, the replacement badge shall consist of a functionally equivalent and new or refurbished B3 Badge. The repaired or replacement badge is warranted under the Customer Care Warranty for the remaining warranty term of the original

badge. This Customer Care Warranty applies only to the End User. The End User must provide written notice to Vocera that it plans to return any B3 Badge covered under this Customer Care Warranty no later than 10 days following expiration of the applicable warranty period, or the right to assert such claim will be deemed waived. d. Excessive Returns. If the total number of B3 Badges returned by End User exceeds 25% of the total number of B3 Badges for which End User has purchased Customer Care Warranty coverage ("Return Limit"), then Vocera reserves the right to charge End User \$120 for each returned badge that is in excess of the Return Limit.

Any benefits given to End User in these terms relating to repair, replacement, providing again, rectifying or providing compensation in connection with those supplies are in addition to End User's other statutory protections and remedies.

c. Warranty Against Defects Arising under Australian Consumer Law. Vocera's goods come with guarantees that cannot be excluded under the Australian Consumer Law. End User is entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. Vocera is responsible for shipping charges to return to End User any products repaired or replaced in accordance with the applicable warranty (including Customer Care provisions, if applicable). Territory: Australia

This version is current as of June 21, 2017. Please see www.vocera.com/about-us/legal/voice-and-messaging-products-legal-documents for superseding versions issued subsequent to that date.

These Software Maintenance and Technical Support terms and conditions (“Support Terms”) are divided into three major sections:

(A) Support Terms for Vocera software solutions other than the Engage solution;

(B) Support Terms for the Engage software solution; and

(C) Provisions applicable to all Support Terms.

Part A: Support Terms for Vocera Software Solutions (other than the Engage Solution)

1. Preamble & Definitions. These Support Terms govern the provision by Vocera Communications, Inc. (“Vocera”) of certain software maintenance and technical support services for Vocera’s Clinical Communication offerings (“Support”) and any on site assistance pursuant to Section 9 below (“On-Site Assistance”), all as described below and purchased by an end user customer (“End User”) from either Vocera or Vocera’s authorized reseller (“Reseller”). Vocera provides Support for the Software used in conjunction with Authorized Client Devices as part of End User’s Operating Environment as further described in Section 5 below. As used in these Support Terms:

- **“Authorized Client Devices”** means the Vocera wireless communication badges (for Voice Communications Systems) or other Vocera supported client devices (e.g. certain third party smartphones) that work with the Software. As part of Support, Vocera will support hardware issues relating to Vocera manufactured Authorized Client Devices and endeavor to assist End User with the use of the Software on third party manufactured Authorized Client Devices, but except as specified at www.vocera.com/about-us/legal/third-party-products-legal-documents, Vocera is not responsible for or obligated to provide hardware support for such Authorized Client Devices not manufactured by Vocera.
- **“Customer Hosted Software (CHS)”** means certain Server Software provided by Vocera and hosted on server computers located at an End User facility, including Server Software for Vocera’s Alarm Management, Care Team Synchronization, Clinical Workflow Engine, Collaboration Suite, Messaging Platform, and Voice offerings.
- **“Designated Support Contact”** is defined as: for Customer Hosted Software: as specified in Table 2.1; and for Vocera Hosted Services: Any authorized administrator or user of the Vocera Hosted Service.
- **“Documentation”** means the specific materials listed under “Documentation” at vocera.com/legal, as updated by Vocera from time to time.
- **“Operating Environment”** means, as applicable, End User’s servers, WLAN and other hardware and software supplied directly to End User by third party vendors (i.e., exclusive of hardware and software embedded in the products supplied by Vocera).
- **“Product”** means one of the Vocera provided Authorized Client Devices or Software products included in End User’s System. By way of clarification, Vocera Hosted Services are addressed separately from, and not included within the definition of, “Product.”
- **“Services”** means, as the context requires, Support and On-Site Assistance.
- **“Software”** means the software licensed by Vocera pursuant to an End User License Agreement, in object code form only, for use with the System. “Software” is limited to software hosted by End User or on devices owned by End User and does not include software utilized by Vocera to provide the Vocera Hosted Services.

- **“Software Updates”** means the Software releases, service packs, build updates or emergency fixes released from time to time in accordance with the Vocera’s update policy for such Software.
- **“System”** means the combination of the Vocera Software, Authorized Client Devices and End User’s Operating Environment. “System” includes Customer Hosted Software, but does not include Vocera Hosted Software as defined below.
- **“Vocera Hosted Services (VHS)”** means certain services hosted by Vocera and/or its designee to which End User and certain End User affiliates will be provided electronic access over the Internet for use in conjunction with Vocera Client Software, including services for Vocera’s Secure Texting offering.

All other capitalized terms not otherwise defined in these Support Terms shall have the meanings provided in the Supplemental Terms and Conditions. If Vocera hereafter posts any new or modified version of these Support Terms at www.vocera.com/legal, such new or modified version will apply to maintenance and support renewal terms that begin subsequent to the date of such posting.

2. Support Offerings. Vocera’s Support efforts are intended to address non-conformities of the Software or Vocera Hosted Services to the Documentation. Support is also intended to address non-conformities of the Vocera Hosted Services to the user documentation provided as a part of the Vocera Hosted Services.

2.1 Customer Hosted Software: There are two types of Support Offerings for Customer Hosted Software licensed on a perpetual basis: Standard and Premier. Customer Hosted Software licensed on a subscription basis includes Premier Support. Table 2.1 details the differences between the Standard and Premier Support. The Quote for the Support Offering will list the service level provided. End User may change End User’s Support Offering the next time End User either purchases a renewal Support term or increases the number of perpetual user licenses.

3. Support Term and Fees.

3.1 For Perpetual Term Software. If End User has licensed the Software for a Perpetual Term, then End User shall receive Support and Software Updates upon payment of a Support fee. For Support under this Section, the initial term starts on the date the applicable Vocera Software license is activated (either by shipment of a License Key or other means) and ends twelve (12) months following such shipment date. Software provided under a lease agreement between the parties may set forth a different initial term. To renew End User’s Support, Vocera must receive a Purchase Order from Reseller or End User, as the case may be, prior to the expiration of the initial term or any subsequent term (“Anniversary Date”). Upon Vocera’s acceptance of the Purchase Order, Vocera must receive payment for such renewal term prior to the Anniversary Date. If payment is not received by the Anniversary Date then the Support will terminate. Vocera reserves the right to charge a reinstatement fee if Support is terminated for more than 60 days. Vocera has the right in its sole discretion to refuse to reinstate Support following such termination. Any reinstatement will be contingent upon the conditions to delivery of Support contained in Section 6 of these Support Terms being satisfied at the time the reinstatement is to begin. If End User so requests, Vocera will propose assistance to satisfy these conditions on a fee basis subject to a mutually agreed engagement letter prior to reinstatement of the terminated Support. All renewal terms are calculated from the applicable Anniversary Date, regardless of when End User chooses to renew or reinstate. All renewal terms are for 12 months, except as separately specified in a lease between the parties. Vocera will not increase the Support Offering price charged to End User for a one year renewal term by more than five percent per year over the price charged to End User in the immediately preceding term, for the same covered Products and Support Offering.

3.2 For Vocera Hosted Services and other Subscription Term Software. If End User has subscribed to Vocera Hosted Services or licensed any Software for a Subscription Term, Support is included with the subscription fee for the Software without any additional charge to End User. For Support for a Subscription Term license, the initial term for Support starts on the issuance date of the applicable Vocera Software License Key, completion of deployment of Software, or the date customer is initially provided access to the Vocera Hosted Service offering, and continues for the duration of End User’s Subscription Term for the Software.

4. Additional Users and Products for Perpetual Term Software. If End User has licensed the Software for a Perpetual Term, and subsequently purchases licenses for additional users or Products (an “Expansion”) above and beyond End User’s original configuration (“Original Configuration”), End User will be charged a fee for Support of such Expansion. This fee will cover one (1) year of Support of the Expansion, and when Vocera next issues a Quote for a one-year renewal of Support for the Original Configuration, such Quote will include an Engage of Support for all such intervening Expansions so as to make their Support terms co-terminous with the Anniversary Date of Support for the Original Configuration. After End User’s term for the Original Configuration expires, End User must pay all such amounts for extending Support for both the term of the Original Configuration and all Expansions, or Vocera shall have the option to suspend Support for the Original Configuration and such Expansions.

5. Technical Support Scope.

5.1 Support includes only Technical Support for the Software and/or Vocera Hosted Service used in conjunction with the Authorized Client Devices and requires that End User arrange to receive support for non-Vocera products (such as the wireless LAN, middleware, PBX, and integrated clinical systems) or hardware issues relating to Authorized Client Devices not manufactured by Vocera from End User’s own internal resources, or from another third party supplier. Third party software integrated into the Vocera Software is covered by Technical Support for purposes of this Section 5.

5.2 As a precondition to Vocera’s Support obligations hereunder, End User must arrange to provide support for End User’s personnel and agents. “User Support” means providing training, assistance and support to users of the

Vocera Software or Vocera Hosted Services as applicable. User Support includes answering Vocera user questions and resolving problems that can be resolved by reading the Documentation as specified in Table 5.6(a) and 5.6(b) as applicable. Usually this level of support is provided by End User’s own internal resources, or may be provided by a third party. If requested, Vocera will provide training to such User Support provider on a fee basis at Vocera’s then current rates and subject to mutually agreed terms and conditions.

5.3 As a precondition to Vocera’s Support obligations hereunder, End User must arrange to provide internal support for the operation of the Vocera Products with the System. This “Operational Support” includes Vocera systems administration, provisioning the technical infrastructure required to support Vocera and verifying problems reported by Vocera users. Operational Support provides information and support on a range of product configurations, set-up issues, System backup and restore procedures, usage and basic System troubleshooting, and information pertaining to the Software. Operational Support may be provided by the End User’s own resources or by a qualified third-party. If requested, Vocera will provide training to such Operational Support provider on a fee basis at Vocera’s then current rates subject to mutually agreed terms and conditions. End User is also responsible for maintaining current support contracts for third party products which are required for the End User’s Vocera infrastructure.

5.4 “Technical Support” means support for those Incidents involving Customer Hosted Software that could not be resolved by Operational Support. For purposes of this Section, Technical Support includes recommendations on: (a) Software, including telephone consultation to assist the End User’s installation of the supported Software, functions and operation of the supported Software, the creation of workarounds that enable the temporary or permanent resolution of an Incident; (b) Authorized Client Devices, including the functioning of the Authorized Client Devices, the creation of workarounds for defects in the embedded software, or the creation of modifications to the Authorized Client Devices that enable the temporary or permanent resolution of an Incident as feasible. For Vocera Hosted Services, support is typically provided by email and web services rather than telephonically.

5.5 Vocera provides Technical Support during the hours specified for the Support Offering purchased (see Section 2.1 above). Such Support, unless stated, does not include installation assistance, training and on-site support. Such additional services may be purchased on a fee basis at Vocera’s then current rates and subject to mutually agreed terms and conditions.

5.6 To obtain Support, End User’s Designated Support Contact must report the details of the problem to Vocera at the contact information appearing in Section 1, including the details of the Operational Support process that failed to resolve the problem (an “Incident”).

6. Conditions to Delivery of Support. Vocera's delivery of Support for Customer Hosted Software is subject to and conditioned on the following:

6.1 End User must obtain User Support and Operational Support as provided above.

6.2 End User must appoint a minimum of two individuals, up to the maximum specified in the appropriate column in Table 1.1 or 1.2 above (as applicable) for End User's Support Offering, to serve as the Designated Support Contacts between End User and Vocera. A Designated Support Contact should have an understanding of the Product components and features (such as obtained through attending Vocera training courses), have a working knowledge of wired and wireless networks, and End User's Operating Environment. Only Designated Support Contacts may escalate technical support requests to Vocera. Vocera reserves the right to reject technical support calls from individuals other than Designated Support Contacts. End User will provide Vocera in writing with the name and contact information of each Designated Support Contact and will notify Vocera promptly of any changes in End User's list of Designated Support Contacts. E-mail sent to support@vocera.com will satisfy the foregoing notification requirements.

6.3 Before escalating a problem to Vocera, End User's staff must escalate the problem internally to a Designated Support Contact, and End User must otherwise follow the Vocera defined escalation process and provided problem as requested by Vocera.

6.4 To help Vocera ensure that its Products meet the highest quality standards, End User will notify Vocera of any material failure, malfunction or error that End User detects in the Products, within 15 days of detecting the Product issue, and will provide Vocera with information to assist with determination and analysis of the problem.

6.5 In cases where End User requires Product support assistance from Vocera, End User will arrange for a remote access and connectivity to the System. Such access shall be remote, originating from Vocera's support center and requiring the use of the Internet.

6.6 End User will assign one of the Designated Support Contacts as a project manager responsible for success of deployment and on-going user satisfaction with Vocera Products. The project manager's responsibilities must include at a minimum, but not by way of limitation, (i) implementation of internal processes and procedures for use and maintenance of Vocera Products, (ii) regular audits that include evaluation of user behavior and skills with Vocera Products and assessment of user satisfaction with the Vocera Products, (iii) documenting user feedback and providing findings to Vocera on as-requested basis, (iv) assuring user training compliance and on-going knowledge dissemination and training and (v) acting as a liaison between End User and Vocera.

6.7 End User shall ensure that the Products and End User's Operating Environment follow regular IT maintenance schedules. The maintenance schedules must include at a minimum, but not by way of limitation, installation

and testing of applicable Vocera Software versions, server operating system updates and maintenance, anti-virus update and maintenance, regular review and analysis of system logs, and regularly scheduled back-ups.

6.8 End User must install and test the initial Software, and each subsequent Software Update. All emergency fixes for End User’s specific installation must be installed and tested as soon as practicable, and must be maintained until installation of the next service pack or Software Release. All service packs or build updates must be installed and verified in the End User’s environment within three months of general availability. All other Software Updates must be installed and verified in the End User’s environment within six months of general availability (or such shorter period as Vocera reasonably advises is required, on a case-by-case basis, to avoid impaired operation and reliability of the Software). Vocera will have no obligation to provide Error Resolution for an Error or defect which has been repaired in a more current Software Update.

6.9 For both Customer Hosted Software, as well as Vocera Hosted Services if applicable, End User is responsible for the proper operation and maintenance of End User’s Operating Environment. For Customer Hosted Software, this includes End User’s wireless local area network, including access points, antennas, controllers and controller firmware versions compatible with the Voice Communications Software (“WLAN”). End User’s WLAN must be designed, implemented and installed with capacity and coverage suitable for a voice application. End User acknowledges that Vocera may recommend changes to the Operating Environment to resolve certain issues, e.g., where the End User’s WLAN does not comply with Vocera’s WLAN guidelines in its Infrastructure Planning Guide available upon request.

6.10 For Vocera Hosted Services, Customer must provide necessary connectivity for any integration needs between the Vocera Hosted Service and Customer Hosted Software.

7. Determination of Error Severity and Response Times for Customer Hosted Software.

7.1 During the term of Support, End User may submit a report to Vocera specifying Errors in the Software which End User requests to have corrected. “Error” means a verifiable and reproducible failure of the Software to conform in a material respect to the Documentation. When an Error has been identified through Vocera Technical Support, Vocera and End User will agree to the Severity Level of the Error and associated Vocera response times and resolution process as defined in Table 7 below:

Table 7: Error Response by Severity Level for Customer Hosted Software		
Severity Level	Description	Response Times and Error Resolution
Severity 1: Emergency	Severity 1 means End User’s use of the Software with the Authorized Client Devices has completely shut down, or is suffering such loss of critical functionality that an entire department or site is unable to utilize the Vocera Software, and no work-around is available.	Vocera will contact End User within 1 hour* of receipt of notice of the Incident to collect information and to work with End User’s Designated Support Contact to attempt to restore usage of the Vocera Software. Restoration of the Vocera Software may require changes to End User’s Operating Environment or network configuration, and may involve loss of data. If Vocera determines that the outage is due to an Error in Vocera Software, Vocera will engage our development staff to attempt a fix in the next available service pack and/or build update. If the Error in Vocera Software is causing repeated outages and no workaround is available, Vocera will engage our Engineering staff to attempt to deliver an emergency fix on a mutually agreeable timetable. For Severity 1 Incidents, both End User and Vocera will dedicate appropriate technical resources and provide continuous effort until basic Vocera system functionality is restored or the problem is isolated to a third party component (i.e. PBX, MDM, server, network etc.).
Severity 2: Time-Critical	Severity 2 means the Vocera Software is functioning inconsistently and with limited capabilities significantly impairing End User’s usage and productivity, e.g. loss of certain administrative or reporting	Vocera will contact End User within 4 hours* of receipt of notice of the Incident to collect information and to work with End User’s Designated Support Contact to attempt to restore the functionality of End User’s Vocera Software. Resolution may require shutting down the Vocera Software, or may require changes to End User’s Operating Environment or network configuration. If Vocera

Table 7: Error Response by Severity Level for Customer Hosted Software

Severity Level	Description	Response Times and Error Resolution
	functions or Authorized Client Device features impacting multiple users, with no work-around available.	determines that the loss of functionality is due to an error in the Vocera Software, Vocera will engage our development staff to attempt to provide a fix in the next available service pack and/or build update.
Severity 3: Standard	Severity 3 means that individual components of the Vocera Software are functioning inconsistently and End User's usage and productivity are slightly impaired, but End User can reasonably work around such inconsistency or impairment. Severity 3 Incidents include issues with administrative or reporting functions, and other issues impacting individual users or Authorized Client Devices (including RMA requests for Voice Communications Systems).	Vocera will contact End User within 24 hours of receipt of notice of the Incident to collect information and to work with End User's Designated Support Contact to verify the problem.

* For Standard Support Offerings, Response Times will be measured during the time periods in which such Standard Support is available. For example, if a Severity 2 Error is reported at 3pm, Vocera will respond to the Designated Contact by 11am of the following Business Day.

Table 8: Error Response by Priority Level for Vocera Hosted Software

Priority Level	Description	Vocera Hosted Services Operational Action Time
Priority 1	Vocera Hosted Service outage for multiple End Users or degradation of critical functionality such that all Vocera Hosted End Users are unable to effectively use the service.	Vocera Operations team will begin working on reported issues within 15 minutes of receipt of notice
Priority 2	Vocera Hosted Service outage for one End User only or degradation of critical functionality such that multiple End Users are unable to effectively use the service.	Vocera Operations team will begin working on reported issues within 45 minutes of receipt of notice
Priority 3	Degradation of critical functionality such that one End User is unable to effectively use the service.	Vocera Operations team will begin working on reported issues within 120 minutes of receipt of notice
Priority 4	Vocera Hosted Service outage or degradation such that a single Vocera User is affected	Vocera Operations team will begin working on reported issues within 8 hours of receipt of notice

7.2 For the Standard Support Offering for Customer Hosted Software, Response Time objectives apply to Incidents logged during the Telephone Support Availability hours for the Standard Support Offering. For the Premier Support Offering, Response Time objectives for Severity 1 Errors apply to Incidents logged 7x24, and Response Time objectives for Severity 2-4 apply to Incidents logged during normal business hours. The foregoing objectives do not include the time taken by End User to gather system information, transaction data and reproducible test cases necessary to determine the nature of the issue and to isolate defects in the Vocera Software. End User shall, upon reasonable request by Vocera, obtain and provide to Vocera system information, transaction data, and reproducible test cases as

necessary to determine the nature of the Incident and to isolate any defects in the supported Authorized Client Devices and/or Software. Such system and transaction information shall be treated as End User's Confidential Information and such defects shall be treated as Confidential Information of Vocera. Vocera shall provide End User with reasonable access to Vocera's Incident database to review the status of End User's Incidents.

8. Software Updates.

Vocera may, from time to time, provide End User with Software Updates. These Software Updates will generally be made available for download. For Vocera Hosted Services, Vocera will update the hosted environment as appropriate from time to time. In concert with such updates to the hosted environment, updates may be required to relevant Client Software which Vocera will make available through applicable third party app stores and which, depending upon configuration settings, may occur automatically.

9. On-Site Assistance.

Upon End User's request and subject to availability, Vocera may furnish qualified personnel for on-site assistance to End User for implementation and testing and to resolve Incidents, on a fee basis at Vocera's then current rates for time, materials and travel and subject to mutually agreed terms and conditions or a written engagement letter.

10. Version Retirement (Customer Hosted Software)

Vocera will make Support Services available to End User for any major release for a minimum of two years from the general availability date, subject to and conditioned on End User:

- (a) Installing and validating updated Software for End User's specific Operating Environment in accordance with Section 6.8 of these Support Terms (or such shorter period as Vocera reasonably advises is required, on a case-by-case basis, to avoid impaired operation and reliability of the Software); and
- (b) Maintaining these builds until installation of the next service pack, build update or Software release, as applicable.

Subject to the foregoing, Vocera reserves the right to discontinue Support with respect to any version of Software in whole or in part, should Vocera, in its sole discretion, determine that continued support is no longer practicable. Vocera will give End User written notice at least six months prior to any such discontinuance, and will refund any prepaid fees (if applicable) for the affected Support that are not accrued as of discontinuance. Support of any Software update is governed by the Support Services offered at the time of installation.

Part B: Support Terms for the Engage Software Solution

ENGAGE SUPPORT SERVICES

Vocera Engage Support includes basic product education or functionality questions and technical troubleshooting of Engage products. User education may include product functionality questions or specific questions regarding intended use for Engage software products. Engage technical support engineers will respond as soon as possible to all customer requests. Engage support engineers will collect diagnostics, review applicable workflows and understand the applicable user scenarios to assist with the situation. All calls and emails will be prioritized based upon the severity level of the issue.

If an issue requires significant development time or takes a long time to resolve, Vocera will make endeavor to provide a temporary solution and instructions for use. In the event a temporary solution is necessary, Vocera agrees to resolve the issue as soon as possible, provided that the software still conforms in accordance with the documentation for the applicable Engage software product.

All new requested software features or product suggestions will be documented, tracked and reviewed. Vocera will assess the clinical impact, user priority, and business necessity before making a determination about which features will be added in future releases.

Vocera Engage Support Contact Information

Email: support@Vocera.com

Phone: See www.vocera.com/solutions-support for contact details.

Note: In a situation, where all communication is unavailable and other phone lines appear to be down, please consider alternative contact information provided at www.vocera.com/solutions-support.

HOURS OF COVERAGE

Vocera Engage Support is a 24-hour support service provided 365 days a year. Response time may vary slightly based on the time of day, but our customer-centric approach and service quality levels shall remain consistent. Engage Technical Support Engineers are available to answer calls between the hours specified at www.vocera.com/solutions-support for contact details. The On-Call Support Service is always available to field customer calls outside of those hours, on holidays, or in the rare occasion that the entire Engage Support staff is servicing other customers during business hours.

the call is answered by our on-call answering service, callers will have two options for reporting an issue. The representative can submit a support ticket for low priority issues. If this option is chosen, an Engage Support representative will return the call, during the next business day. Alternatively, for high priority issues, representatives will take contact information and an Engage support representative will return the call as soon as possible.

Please see the table below for the Engage service level guidelines, issue prioritization and expected response times.

PRIORITY AND RESPONSE TIMES

To help us manage Engage application support issues, we use a two-tiered priority system to log all application support requests. We encourage *High* priority issues to be reported by telephone in order to ensure direct and immediate communication. Other methods for submitting requests such as email or the Engage support portal will be automatically treated as low priority issues and responded to within 24 hours.

See the following examples to help prioritize an Engage support issue:

Issue Priority	Examples	Response Time
High	Issues with a critical business or patient impact. Examples include: Users not receiving alerts, inability to perform critical tasks using the application, or hardware failure.	0-2 hour
Low	Non-critical issues. Examples include: User/Password issues, user feedback for product enhancements, issues with a small number of devices, educational questions or professional services requests.	< 24 hour

SOFTWARE UPDATES

Engage software updates will be released periodically to resolve known issues and to introduce new features related to the existing Engage software. We plan to release at least one major and one minor Engage software release each year. Additionally, security patches or other urgent maintenance updates may be available more frequently, depending on the severity of the update. “Software updates” include (but are not limited to) the following general areas:

- 1) Engage platform and mobile software: These updates will include new features to existing modules of the Engage system, Engage Mobile, or software updates within the core platform. Examples include customer issues found in prior releases, bug fixes or enhancements to Engage Mobile, and updates to improve system performance and maintenance.
- 2) New operating system (OS) updates: These updates will include OS modifications needed within the core platform (Linux).
- 3) Support for new mobile devices: Qualifying new mobile devices specifically for Engage Mobile is an ongoing process at Vocera. Customers continually request new mobile devices for qualification, such as Apple’s iPhone 6, the Vocera badge, the latest Samsung Galaxy device or the next generation device that enters the market.
- 4) New or updated regulated medical device adapters: These verifications are for new or updated versions of medical devices being requested by customers. This will enable us to provide support for the latest data and alarms from medical devices. Medical devices consist of (but are not limited to) patient monitors, ventilators, IV Pumps, and other middleware aggregation products such as Capsule™.
- 5) New non-regulated input and output adapters: These verifications include all nurse call systems or a new alert communication system. It also includes new industry standard protocols for HL7, XML or an IHE supported profile.

Installation of software updates will be scheduled in consultation with the customer and, in some cases (e.g., security patches), may require an expedited process. It is preferred that updates occur during normal business hours, since this is when both hospital and Engage support engineers are most readily available. Vocera understands the primary objective is to minimize the impact to patients, so Vocera will accommodate after-hours upgrades, as necessary.

All software updates are delivered remotely to the hospital via secure download protocols. The ability to access these updates requires outbound access to an Internet-based update server on ports 22 and 443.

ENGAGE SOFTWARE MAINTENANCE AND SUPPORT

Software maintenance is defined as correcting operational, configuration and functional issues as well as errors discovered in the actual software after commercial release to general availability. Issues discovered by customers or ongoing software testing will be resolved through periodic maintenance releases, as required.

Software support means assistance with installations and configurations, developing work-a-rounds to functionality issues and general support and assistance in the operation of the software. Support does not imply maintenance of any version of the software other than the current maintenance release.

Vocera defines a software version as a software release that contains new features, enhancements, and maintenance updates, or for certain software, a collection of revisions packaged into a single entity and, as such, made available by Vocera to its customers (also called a “release”).

Software fixes may or may not be on the specific version reported. Vocera will review all technical support issues assessing impact for both users and patients. Each issue will be prioritized and scheduled, accordingly. Issues may require a software update (next minor maintenance release) or a major software upgrade (next major software version). For urgent software updates, Vocera has a service release process for quick execution.

The Vocera Engage software support policy is defined as maintaining and supporting the two most recent major software releases for each product Vocera offers. Vocera defines a major software release by the first digit of the software version (i.e. 5.0). Vocera will support all “point” releases on the current major release as well as the most recent version of the prior major release (ex. 4.x). For example Vocera supports the last minor version of a major software release (for example, 4.4) for either (i) twelve (12) months from the date when a new major version (for example, 5.0) becomes generally available, or, (ii) until the date when the next major version (for example, 6.0) becomes generally available, whichever occurs earlier.

SYSTEM CONFIGURATION CHANGES

Customers frequently require updates to system configurations to accommodate hospital changes. This may include new configurations (adding new beds, additional departments, new devices or new workflows) or support for upgrades to external data systems (Nurse call or patient monitor upgrade). All changes should be scoped and considered by Vocera, the hospital and the external partner vendor to assess the potential impact and testing requirements. If changes are significant, as determined by Vocera in its reasonable discretion, Vocera engineering or professional services may be required. Small changes will be discussed, planned, tested, implemented and then documented by Engage Support. This will ensure that all system configurations are documented and communicated for future troubleshooting. Most importantly this applies to external partner software updates or upgrades, which supply data to Vocera Engage. These changes must be planned and discussed to assess impact, to ensure a smooth implementation and eliminate any unplanned downtime.

Any configuration changes or modifications to external systems with which Vocera integrates, without first communicating these changes to Vocera, is strictly prohibited. Proper planning, discussion, testing is critical to system reliability and communication. Even if the update is minor and has no impact, Vocera is prepared to help in an emergency situation. Understanding of the specific situation and knowledge of the change is the first step to troubleshooting and limiting the system downtime. If proper communication is NOT completed with sufficient advance notice, Vocera will be obligated to charge professional services outside the normal Vocera Engage Support Program. If this situation occurs, a PO will be required prior to provided services or troubleshooting.

SOFTWARE DISCONTINUATION

The Vocera software discontinuation policy establishes the obligations to customers with respect to mature software offerings and versions. It reinforces the standardized obsolescence approach of Vocera in order to properly set expectations with customers.

Along with our development plans to release at least one major and one minor release per year for each product, Vocera will also officially discontinue or sunset legacy products. If Vocera discontinues a product and no successor product is commercially available under Support, Vocera provides full support for a minimum of two (2) years from the product’s last generally available release date if: (a) you have paid all applicable Support fees to date and (b) you continue to pay all applicable Support fees. Support for older versions, if available, is at the discretion of Vocera.

SYSTEM HEALTH CHECKS

The user experience and system reliability are paramount to customer satisfaction and ultimately, patient safety. In order to ensure this experience, Vocera Engage support engineers will perform system “Health Checks” on an annual or other periodic basis. These “Health Checks” will range from clinical workflow reviews to technical performance

reviews. Vocera will use these reviews to further our partnership with the hospital and confirm the organization is utilizing the Engage software to its fullest potential.

Typical Engage implementations are gradual and new departments, users, medical devices, or phones are added as hospitals utilize more and more of the system capabilities. As this happens, periodic reviews of the system configurations and hardware are required to ensure optimal performance and reliability. Vocera personnel will be communicating with hospital contacts not only about software updates or new device adapters, but performing proactive technical reviews to make sure the system continues to run smoothly.

The Health Check technical review will evaluate the system performance and overall stability. Our technical support engineers will review everything from both the software performance to hardware reliability. One specific aspect in the review is the availability of an adequate and available system backup. Vocera strongly recommends the system backup, snapshot or data export, be available to a secure location on the network. If the hospital does not retain database backups, then restoration for a failed hardware device or catastrophic event may not be possible and historical data may be lost. During the Health Check we review the process and the files to confirm usability and availability of all necessary files.

If the Engage system deployment uses a virtual machine, the restoration process may be as simple as restoring a system “snapshot” and backup. Using this process, Vocera may be able to have the hospital system “online” within minutes, provided all the system files are readily available. The Health Check performance review for a virtual environment is just as important as a physical environment, since system resources are often shared virtually. Vocera support engineers will review historical performance metrics to ensure the system is performing in an optimal manner.

Engage software is flexible and may be customized for almost any situation, from a small community hospital to a multi-facility enterprise system. Vocera will assign an Account Manager to each organization. These associates will respond to general account questions so that the best customer experience is realized, for both technical and clinical users. The Account Manager is responsible for the Vocera experience at each hospital, ensuring that the Engage system is running smoothly and the clinical experience is optimized.

The database back-up and restore process is a standard part of the system Health Check. As part of the Vocera Engage Support policy, proactive system Health Checks are performed to assure that the system is performing at an optimal level and continues to run properly. A detailed description of the system “Health Check” may be found in that section of this policy.

REMOTE SUPPORT

Vocera Engage relies on two remote connectivity options to provide the most efficient and effective technical support possible. These options are:

- 1) *On Demand VPN Access* - Common on demand solutions includes Cisco VPN, Juniper SSL, SecureLink, and Citrix SSL; However, Vocera will utilize any industry accepted secure solution the hospital provides. Vocera will abide by hospital security policies and procedures in order to obtain user accounts to use with this solution.
- 2) *Engage Remote Support* - The Engage remote support option is an alternate remote connectivity solution. For this solution, a remote connection is established using a SSH tunnel over port 22 to remote support servers. This access enables Vocera support analysts to remotely connect to the Engage server at the hospital.

All remote connectivity instances or any conversation with hospital personnel is subject to the confidentiality and security requirements as set forth in the applicable security regulations regarding HIPAA privacy and security. All patient data is confidential and secure. See the section below regarding HIPAA and Protected Health Information. Vocera **requires** that the remote connectivity capability be tested and approved prior to a hospital system being available for clinical use. This acts as a necessary “safety net” for the hospital system. If either connectivity option is not available, the ability to support a hospital in a timely fashion is severely hampered. Vocera will not be responsible

for any failure to perform its obligations under this service policy, if it results from a customer refusal to provide Vocera with remote access.

SYSTEM BACKUPS

Engage relies on system backups to troubleshoot and in case of emergencies restore the system to the prior stable state. These back-ups are essential to providing the highest quality technical support and expediting system restoration in the event of a hardware failure or system corruption.

It is essential, that these backups not be saved on the Engage appliance or virtual machine. It is required that they be saved onto another available network device and location so that a hardware failure does not destroy both the primary and the backup options. The consequences of not following this requirement would be detrimental to clinical staff depending on unified communication and alarm/alert events and responses. This would include but not be limited to a system rebuild or worst case a brand new installation requiring days/weeks of downtime. If either of these situations arises, and if it was found that the backups were not available due to the fault of the hospital, then possible service fees would be required to restore the system to its proper state.

ENGAGE CUSTOMER SUPPORT PORTAL

Vocera provides an online support portal, which provides immediate access to the most current information available on Engage products and services. User manuals, Frequently Asked Questions (FAQ) and user instructions are just a few examples of the content available. In addition to product documentation, this online portal also enables users to create new support requests, view updates on pending issues, and review previously closed requests. Since any user can access the portal, they have immediate access to the Engage Customer Knowledge Base, 24 hours a day. The Engage Customer Support Portal is available using the following link: <https://extensionhealthcare.force.com/Support/login>

Portal Access

In order to access these resources, users require a secure private account. If a support request was submitted in the past, an account may already be created. Users may try a login/password combination or simply click on the “Get a password” link and receive an email that provides instructions for resetting a password. If a user does not have an account, simply click the “Sign Up” link and fill out the necessary information on the support portal homepage.

Engage Customer Knowledge Base

The customer knowledge base contains articles that provide “self-help” instructions and troubleshooting tips on common issues. It also offers searches on common topics within the various forums. A few examples of content include: articles for basic troubleshooting, Engage administrator “how-to” articles, FAQ’s, and known issues. In addition to end user and administrator documentation, users also have the ability to submit enhancement requests and forum article suggestions.

INITIAL SUPPORT PERIOD AND RENEWAL

The support and maintenance services outlined in this document will begin the first day that Engage software is shipped to the hospital. More specifically, coverage begins upon shipping a physical appliance to a hospital or, in the case of a virtual machine, upon downloading the Engage software. In many instances, the implementation process will take several weeks or even months, especially when a customer chooses to deploy multiple workflows in a phased manner. During the implementation phase, customers are entitled to any applicable software updates under the terms of the Assurance agreement.

The standard Vocera Engage Support term will expire one (1) year after the software is shipped. In some cases, Vocera may offer a multi-year Support term. The Engage Support fees are finalized at the time of sale and renewed annually. Once payment has been received, these fees are non-refundable.

Engage Support renewal is not required but highly encouraged, as the Engage solution is an FDA-regulated Class II medical device. Vocera is not obligated to provide support or maintenance services for hospitals that do not have current Engage Support agreements in good standing. If an Engage Support contract is not timely renewed, a reinstatement fee will be required as determined in Vocera’s discretion.
